WORK EXPERIENCE

02/15—Present	PHP Developer, Learn online B.V. – Roosendaal, Noord-Brabant After my internship ended and I graduated from college I accepted a job at the company where I had my Internship, to continue doing much similar tasks. Though I did get some new responsibilities such as: <ul style="list-style-type: none">• Video Editing in Adobe Premiere• Making small instructional slideshows in Adobe Captivate
02/14—02/15	Intern PHP Developer, Learn Online B.V. – Roosendaal, Noord-Brabant During my internship I had quite a few responsibilities considering I also worked for the company outside of my school hours allot of work and responsibility was thrust onto me because the senior PHP developer resigned almost two weeks after I started working there. My primary duties were: <ul style="list-style-type: none">• Developing a newer version of the ePoort Manager Application and making it suited for Tablets and Smartphones.• Technical Support for already existing applications.• Maintenance on existing application.• Maintenance on a Linux(Ubuntu) Server• Creating exams in Ispring Quizmaker
02/13—06/13	Intern IT Management and help desk., Markland College – Oudenbosch, Noord-Brabant
08/11—08/12	Intern Engineer / Mate, Amasus Shipping BV – Farmsum, Groningen

INTERESTS AND HOBBIES	
<p>I am a very passionate person when it comes to my hobbies; I mainly enjoy reading and writing, though I am also a very passionate gamer, playing thing like Dungeons and Dragons, as well as hard games like Dark Souls. The latter of whom I tend to live stream speed runs of on Twitch.tv.</p> <p>Outside of gaming I am becoming a more physically active person, having taken up a regime of doing exercises every other day with odd days being reserved for morning jogging and I am looking for a Martial Arts class to add to this. Other things I enjoy doing include playing the guitar, and writing poetry, and fantasy short stories. As well as being socially active with my close friends group and lastly painting Warhammer 40,000 models.</p>	

NOTEWORTHY PROJECTS	
01/06/2016	Project Luna – <i>Link – Work in Progress</i> This project is a Laravel based multi-lingual content management system created especially for small businesses and artist portfolios.
